For Winter from WOLF-Garten:

The Perfect Snow Clearer Trio

Work with comfort thanks to ergonomic profile

The perfect snow clearer has to be light because a white snow covering can be heavy enough. WOLF-Garten has the perfect trio on offer. Thanks to their ergonomically harmonized operating angle, they give optimal clearing results! These light and robust devices are also resistant to salt and grit.

Snowfall can be extra heavy – these clearers are resistant to the cold, up to minus 30-40 degrees Celsius! The robust aluminium profile edge also cuts through deep and icy snowdrifts. Depending on requirements, a choice is available of plastic and aluminium snow shovels.

These robust snow clearers with aluminium handle and D-grip are available from garden centres, DIY and specialist stores from € 25.99 to € 44.99.

Further information about on this subject can be obtained from MTD Products AG in 66192 Saarbrücken.
