The Brand-New Snowblowers

Robust Helpers in Winter

The brand-new snowblowers from WOLF-Garten are ideal for winter snow clearance at home. Whether in the winter track with perfect grip or caterpillar drive version – these red and yellow power clearers can deal with all types of snow. With their efficient 2.2 to 7.4 kW engines, they can also easily and reliably clear larger areas.

The equipment is also available as lightweight and versatile models for clearing paths and smaller areas and as compact tools for wide courtyard entrances and parking spaces. Available from just 429 euros.

Innovative features make for greater comfort, depending on the design. With a joystick on the dashboard, adjusting the discharge chute is simple. The gear lever makes it easy to switch to up to six forward gears and two reverse gears.

Most of WOLF-Garten snowblowers are also fitted with a working light to make early morning snow clearing easier. So snow clearing is made easy and less like hard work!

The snowblowers are available from garden centres, DIY and specialist stores from € 429.00 to € 1,649.00.

Further information about on this subject can be obtained from MTD Products AG in 66129 Saarbrücken.

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Europe and Canada.

MTD offers every gardener – whether professional or hobby gardener – a product range from three brands on the European market; CubCadet, WOLF-Garten and also MTD, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum if motorised garden tools; from electric lawnmowers to motor hoes and snow blowers all the way up to miniature tractors.
