New from WOLF-Garten

“Comfort Plus” for Extra-Comfort Cutting Action

Cutter prevents overstretching of wrist and hand

The new “Comfort Plus” shears from WOLF-Garten are functional and robust and suitable for use in front gardens, tree nurseries and residential gardens and are fitted with a power-saving lever transmission. The ergonomic twin-component handle with soft rubber insert on the upper handle and safety thumb rest ensures a secure grip for all trimming jobs.

All attractive garden areas need managing and cultivating. To complete all trimming jobs quickly and efficiently, the “Comfort Plus” shears are available – with twin blade or as anvil with a powerful cutting action for heavy branches. The 30 degree angled cutter is a unique bonus and prevents uncomfortable overstretching of the wrist and hand.

The blades are specially sharpened and non-stick to ensure continuous use. The soft area on the upper handle ensures the grip is slip-free and gives excellent power application.. The integrated spring is securely attached, enabling the low wear and tear mechanism to continue working efficiently over the longer term.

The “Comfort Plus” is available in the handle size ‘M’ and is suitable for both left- and right-handed use. The new garden shears are available in garden centres, DIY and specialist stores for € 17.99.

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Europe and Canada.

MTD offers every gardener – whether professional or hobby gardener – a product range from three brands on the European market; CubCadet, WOLF-Garten and also MTD, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum if motorised garden tools; from electric lawnmowers to motor hoes and snow blowers all the way up to miniature tractors.
