New from WOLF-Garten

More Power in the Garden!

Five new garden tools with high-power exchangeable batteries

WOLF-Garten now offers five brand-new garden tools with high-power exchangeable batteries. Hedge trimmers, chainsaws, leaf blowers and strimmers save time and energy while completing jobs in the garden.

The new devices can also be fitted with two 18-Volt battery packs (1.5 Ah and 3 Ah). Thanks to the ultra modern Li-ion batteries, these tools can be operated from 15 up to 40 minutes, depending on the job. Battery charging times are between one to two hours. The big advantage of these five battery-powered devices is clear: Cable-free operation with light electro-engines. There's no need to keep the power cable out of the way or trail it across the garden – so reduced danger of accidents, and easier working conditions!

The WOLF-Garten Power Series devices are available from garden centres, DIY and specialist stores for between € 129.99 and € 199.99.

Further information about on this subject can be obtained from MTD Products AG in 66129 Saarbrücken.

Press Release

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Europe and Canada.

MTD offers every gardener – whether professional or hobby gardener – a product range from three brands on the European market; CubCadet, WOLF-Garten and also MTD, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum if motorised garden tools; from electric lawnmowers to motor hoes and snow blowers all the way up to miniature tractors.
