WOLF-Garten

When less is more

Expert Scooter Pro – the new compact class

Lawn tractors are of course multi-facetted helpers in the garden - although, sometimes there simply isn't enough space for them. WOLF-Garten presents the perfect solution in the shape of the expert Scooter Pro. It only requires a little storage space and fits through any garden gate.

Even when used extensively, the Scooter Pro from WOLF-Garten's Expert range is particularly durable thanks to its stable steel frame. Convincing design alongside the numerous carefully considered functions and details such as electro-start and the ergonomic seat and steering wheel settings are all characteristics of this tractor.

The scooter is particularly powerful with its 420 cc engine and 6-gear transmatic gearbox, which allows gear changes whilst in motion. The Scooter Pro is best suited for lawns of 800 m² and more with its cutting width of 76 cm and five position height adjustment from 38 to 95 mm. The large 200 litre collecting bag with a hard top made of plastic can be opened from the driving seat and is easily removable.

The plastic casing reduces the engine noises and provides an attractive design. The step-through frame guarantees safe mounting and de-mounting. A slip-retardant foot area ensures safety and the height-adjustable steering column provides a high level of comfort.

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Europe and Canada.

MTD offers every gardener – whether professional or hobby gardener – a product range from three brands on the European market; CubCadet, WOLF-Garten and also MTD, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum if motorised garden tools; from electric lawnmowers to motor hoes and snow blowers all the way up to miniature tractors.
