### New from WOLF-Garten

## 3-in-1 Rake for tending the garden

### Back-friendly with or without shaft

The new multi-star<sup>®</sup> 3-in-1 rake is multi-talented with numerous functions. Due to its special shape, it is not only able to be used as a rake or both-sided as a shovel but also for various other tasks as a removable hand-held tool. For example for the removal of lop from the lawn or leaves from the pond.

The comfortable and large-surfaced rake employs its 50 cm working width to move large amounts in the shortest of times. It is particularly well suited for the removal of fallen leaves, shoveling garden cuttings or lop, or for cleaning the ground (grass) and pond. The 3-in-1 rake can be used in a back-friendly way with a shaft or, thanks to the soft handle, as a practical hand-held tool.

The new multi-star<sup>®</sup> 3-in-1 is available in garden centres, DIY stores and trade retailers for € 19.99. The ash shaft ZM 140 is available for € 9.99.

Further information about on this subject can be obtained from MTD Products AG in 66129 Saarbrücken.
