New from WOLF-Garten – perfect loppers

Strong lightweight

Better performance with new design

Using an innovative cutting system, WOLF-Garten has improved the performance of the new loppers. Twigs and branches up to 50 mm pose them no problems. And, to add to this, the attractive garden assistants come with a new modern design. The high-tech pipes made of strong aluminium are especially

Whether it is time to prune the fruit trees or thin out thick bushes – the new Power Cut loppers from WOLF-Garten are the perfect helper. Thanks to the innovative power transfer in the loppers head, the energy put in is multiplied by up to 38 times, using the top model Power Cut ***. The system is a masterly achievement from the WOLF-Garten engineers, branches up to 50 mm thick are no longer a problem. The new High-tech bars with the refreshing design are made of Aluminium. They are scratch and shock-resistant thanks to the special Eloxal surface treatment. There is an additional special feature with the Three Star Power Cut loppers, they have a telescopic function. Thanks to this, the loppers can be extended to lengths of 65 to 90 cm.

The ergonomically formed Softgrips with two plastic components in the handle allow secure holding – the arms do not become tired as quickly. For added comfort, the shock absorbers below the loppers head are also included on the bypass version. Naturally, there is also the anvil version.

Press Release

The 75 centimetre long Power Cut ** with 30 times power transfer, which is always good for branches up to 45 mm thick, are not much less comfortable but come without the telescopic function. They are also available in both bypass and anvil versions.

The Power Cut * is available in the shops starting 2013, 17 times the power transfer for wood up to 40 mm thick. 55 cm long as bypass and 65 cm as anvil and bypass model make them easy to handle and universally deployable.

In addition, two promotional versions, 53 and 63 cm long complete the product range. Their cutting capacity of 35 mm is rather convincing.

Further information about on this subject can be obtained from MTD Products AG in 66129 Saarbrücken.
