Autodrive-Antrieb for Cub Cadet tractor mowers

Drives like a private car

Maintenance-free system

Driving comfort is like a private car thanks to the AutoDrive transmission of the tractor mowers of the Cub Cadet 1000 series. Speed is easily regulated using the foot pedal. You can switch between the forwards and reverse gears using a lever. There is no changing into or out of gear necessary. Both hands stay firmly on the steering wheel.

The maintenance-free system is available both for side and rear discharge tractors with cutting width of 92 cm to 107 cm. Nothing makes mowing the lawn as comfortable as the Cub Cadet tractor mowers from the 1000 series with side discharge. A compartment for safekeeping personal possessions, drinks holder or easily controllable operating elements – numerous comfort features help to make daily work as pleasant and easy as possible.

The high value motors are particularly noiseless, even at full power. Take up position on the sprung seat with high backrest and handle the steering wheel – you'll already feel the difference. No more hard garden work, but enjoyment while doing the mowing!

The Cub Cadet tractor mowers from the 1000 series with rear discharge offer unrivalled comfort and an optimum cut – at all times.

Despite the high collection volume, the collector is easy to manage.

zwei Belegexemplare.

Presseinformation

An acoustic signal is activated and warns the user as soon as the collector is full. Minimal vibrations, noiseless motors and specially shaped blades, which make collecting easy, complement the list of the many benefits to make mowing more pleasant and problem-free than ever before.

For more information on the Cub Cadet Mini-Rider, please contact MTD Products AG, 66129 Saarbrücken.

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Europe and Canada.

MTD offers every gardener – whether professional or hobby gardener – a product range from five brands on the European market; MTD, GUTBROD, YardMan, Cub Cadet and also WOLF-Garten, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum if motorised garden tools; from electric lawnmowers to motor hoes and snow blowers all the way up to miniature tractors.
