WOLF-Garten Scooter Mini

Ride-on mower for starter price

High quality and excellent functionality

On large lawns you can make your work easier with the ride-on mower – plus you can have some fun! The Select Scooter Mini from WOLF-Garten has been developed with a favourable price in mind – and it still delivers excellent functionality.

The 3.7 kW B&S motor gives the Scooter Mini enough power for lawn areas measuring up to 800 m². The hydrostatic transmission means no stopping to change gear. All you need is to select the travel direction and set the speed with a lever on the dashboard. To brake, just press the brake pedal. After releasing the brake pedal the Scooter Mini automatically continues at the previously set speed.

The mowing deck has a cutting width of cutting width 60 cm and you can cut on the right-hand side up to the lawn edge. The cutting height can be set manually at 5 heights from 3.8 to 9.5 cm. The collector bag holds 150 l of grass cuttings.

The lawn protecting tires do not leave marks and the anti-slip foot area gives a firm grip when accelerating and braking. The Scooter Mini weighs 140 kg and dimensions (L/W/H): 225/86/112 cm.

The equipment is available for € 1,249.00 from DIY centres, garden centres and specialist traders.

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Europe and Canada.

MTD offers every gardener – whether professional or hobby gardener – a product range from five brands on the European market; MTD, GUTBROD, YardMan, Cub Cadet and also WOLF-Garten, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum if motorised garden tools; from electric lawnmowers to motor hoes and snow blowersall the way up to miniature tractors.
