New from WOLF-Garten

Light-weight battery trimmer

Battery also suitable for hedge shears

With the battery-powered LI-ION POWER GTB 815, WOLF-Garten introduces an efficient device with running time of 30 minutes with a wide range of possible uses.

Thanks to the high turning speed of the trimmer line, the LI-ION POWER GTB 815 can reach overgrown grass or wild grass in any corner with tight access. It is also easy to handle. The 4-way adjustable shaft ensures that one of the shaft positions will always be suitable. The shaft is also height adjustable and the second handle can be moved. This enables both right- and left-handed users to adopt an ergonomically correct working position that prevents tiring. Tilting the trimmer with the edge function by 90° makes the lawn trimmer a high-precision lawn edge cutter.

The LI-ION POWER GTB 815 weighs just 2 kg and has a cutting radius of 23 cm. The 1.4 mm thick line on the roll is 5 m in length. Plants are protected from damage by the guard, which comes as standard.

This device manages gardening efficiency and the battery supplies the necessary power. The benefits of the Akku-Pack 3: it is quick and easy to change and in addition to the lawn trimmer LI-ION Power GTB 815 is also suitable for the hedge shears LI-ION Power HSA 45 V.

The 18V / 1.5 Ah battery needs two hours to charge fully.
