MTD Brushcutters

Perfect on the Edge

The SMART Trimmer Series for any Requirement

With four different engines, the new SMART Trimmers from the MTD lawn trimmer range are great for the upcoming gardening season. They are multi-functional and easy and safe to use, thanks to their low weight.

In the spring and summer, grass grows mainly around trees, on the edges and under bushes. I.e., in any direction where mowers have no chance of reaching. The new, powerful helpers, the SMART Trimmers from MTD, are here to solve this problem. With their low weight, they are safe to operate. And each drive is equipped with a simple and reliable start function.

All models are equipped with the dual line system technology. Each is 2.4 mm thick.

The Smart BC 26 is the entry-level model with its 0.7 kW engine.

The Smart BC 33 is being launched with a 1.05 kW drive, while the SMART BC 43 has a 1.2 kW output.

The top model, the SMART BC 52, has a 1.45 kW engine for working perfectly around the edges.

Press Release

The divisible shaft means all machines are compatible with MTD TRIMMERPLUS attachments, like the hedge shears, knot saw and cultivator. Brushcutters at their best.

More information about this topic is available from MTD Products AG, 66129 Saarbrücken.

Note for editors:

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is one of the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Mexico, Asia and Europe.

MTD offers every gardener – whether professional or hobby gardener – a product range from three brands on the European market; Cub Cadet, WOLF-Garten and also MTD, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum of seeds, fertilizers, hand garden tools and motorised garden tools; from electric lawnmowers to motor hoes and snow blowers all the way up to ride-on mowers and lawn tractors.
