MTD Ride-On Lawnmowers

Compact Design for Powerful Helpers

The MTD MINIRIDER 76 RDE parks in the Tightest Spaces

The new MTD MINIRIDER 76 RDE is impressive with its ergonomic but compact design. It hardly needs any more storage space than a manual lawnmower. It is easy to operate and comfortable thanks to its spring-mounted driver's seat.

A big lawn but not much space in the garage – then the MTD MINIRIDER 76 RDE is the right choice. The new ride-on lawnmower from MTD is perfect for areas of up to 1,500 m² with its cutting width of 76 cm. And its compact, ergonomic design means it needs hardly any more space than a comparable lawnmower.

A powerful 420 cm³ MTD ThorX OHV engine with 8.2 kW output operates the 76 cm OPTIMA model. The output is transmitted through a Transmatic drive with six gears.

This means: Shift-on-the-go. The mower coupling and height adjustment mechanism can be operated with two handles in five steps from 3.8 to 9.5 cm.

The pneumatic wheels are large and provide as much comfort as the spring-mounted driver's seat.

Press Release

The turning circle is just 46 cm, making it ideal for small to medium-sized gardens.

The grass cuttings can be bagged or discharged. They can also be mulched as an alternative. The textile grass catcher bag holds a generous 150 litres.

More information about this topic is available from MTD Products AG, 66129 Saarbrücken.

Note for editors:

MTD, the "Modern Tool and Die Company", with its headquarters in Cleveland, Ohio is one of the world's largest manufacturer of motorised gardening tools. MTD Products Inc. was founded in 1932 and is still family owned. MTD has manufacturing capacities in the USA, Mexico, Asia and Europe.

MTD offers every gardener – whether professional or hobby gardener – a product range from three brands on the European market; Cub Cadet, WOLF-Garten and also MTD, which covers nearly every application in the garden. Every brand makes its mark through individuality and unmistakable optic. All of the brands compliment a wide spectrum of seeds, fertilizers, hand garden tools and motorised garden tools; from electric lawnmowers to motor hoes and snow blowers all the way up to ride-on mowers and lawn tractors.
