Cub Cadet Lawnmower

Hard Worker for any lawn

Boosted Airflow Technology for Reliable Transportation of Grass Cuttings

The Triloy series from Cub Cadet is characterised by its particular robustness and boosted airflow technology. The drive with aluminium housing and variable speed is designed for heavy work. All in all, the Triloy mowers are powerful helpers for large gardens.

Powerful and with variable speeds, the yellow and black mowers work through the grass. Large areas are no problem for them. It also works reliably through difficult terrain. The Triloy lawnmowers are the top models from Cub Cadet. Gardeners can be happy about the ergonomic, threefold adjustable handle. The internal anti-vibration gel reduces movements on the handles enormously.

The B&S engines of 2.1 to 2.6 kW are equipped with an Auto Choke and Ready Start. The gearbox with aluminium housing is designed for heavy work. The mowers are available with pull start and electric start. The dual ball-bearing mounted wheels transfer the power reliably and with low friction.

The central mowing deck is made from galvanised and powder-coated steel, with aluminium front and rear end and thus stands for a guaranteed long life and durability. The side bumper also helps here.

Press Release

The grass bag has a hard top and fits through the handle. A large ventilator above the blade creates a powerful airflow which transports the grass cuttings reliably into the grass catcher bag, even when the grass is long or wet. This Boosted Airflow Technology also prevents the chute channel from cloggings. The bag full indicator tells you exactly when the bag needs to be emptied.

The CC 46 SPB V is a pull start model with 46 centimetre cutting width and variable drive. It costs between 569.00 and 669.00 Euro.

Model CC 46 SPBE V comes with an electric start, costing between 699.00 and 819.00 Euro.

The CC 53 SPB V has a 53 centimetre cutting width, pull start and costs 649.00 and 749.00 Euro, while model CC 53 SPBE V has an electric start and is on sale for 799.00 to 929.00 Euro.

More information about Cub Cadet is available from MTD Products AG, 66129 Saarbrücken.
