WOLF-Garten Fertiliser

Stop Moss in its Tracks

Reliably Removed in just Two Weeks

The WOLF-Garten 2-in-1 Moss Killer and Lawn Fertiliser reliably removes all typical types of moss from your lawn within 2 to 3 weeks. At the same time, the input of nutrients feeds and strengthens the lawn.

Even if it feels soft on your feet: Over time, moss simply damages your lawn and replaces the grass. The WOLF-Garten 2-in-1 Moss Killer and Lawn Fertiliser quickly and reliably helps to prevent this. After just 10 to 14 days, the dead moss can be scarified to make space for the lawn.

The optimal combination of fast-acting and long-lasting nitrogen compounds rapidly provides you with a rich green, vibrant lawn. Rich, healthy green makes your garden a radiant eye-catcher after the winter. With just a little effort, quickly visible success can be achieved with a healthy, vibrant and thick lawn.

A variety of packaging sizes allow you to pick the right product for you: LW 50 and LW 100 for 50 and 100 square metres are available in folding boxes for 16.99 and 26.99 Euro.

LW 200 and LW 400 are offered in PE bags for 44.99 and 69.99 Euro.

And lastly, LW 250 costs 59.99 Euro in a bucket.
