Greenworks 40V battery cleaner

The bucket with the high pressure sprayer

Ready for use everywhere

Greenworks now has a 20-litre water bucket that comes with its own high-pressure sprayer. Its use is practically unlimited, as the pump's motor is powered by a 40V battery.

With a flow rate of 300 litres per hour, the raised bed can be watered in the same way as a bicycle or car. The 650 Watt motor supplies a pressure of 70 bar. This makes it possible to powerfully remove incrustations on the barbecue grill or mud marks from the trekking bike.

The Greenworks 40V high-pressure cleaner GDC40 is extremely light at 7.9 kg. There are many accessories available. It is offered without battery and charger for 39,-- € in DIY stores and on the Internet.

Technical data: Voltage 40V, Motor power 650 W, Max. Pressure 70 bar, Max. Flow rate 300 l/h, hose length 6 m, water tank 20 L, weight 7,9 kg.

Further information on this topic is available from Greenworks Tools, 50996 Cologne.
