New from Cramer

Sawing powerfully high on the branch

82V cordless pole saw switch with excellent performance

High branches can now be cut off powerfully without exhaust fumes on the face. This is because the two Cramer 82V battery-powered pole saws achieve a torque of 0.63 Nm and a chain speed of 18 m/s at an output of 800 W, bringing them very close to the petrol-powered devices used in agriculture and horticulture.

Cramers 82V cordless Pole Saw 82PST is efficient and maintenance free thanks to its brushless motor and has an enhanced stability and durability thanks to its magnesium profile, bumper frame and rubber coating. In conventional tree care, workers not only have to contend with harsh weather – but often harmful exhaust fumes, high noise levels and vibrations too – unless you are working with the 82PST. Generate great performance, without any petrol at all. If you need to carry out sawing work at great heights, this handy tool with telescopic extendable shaft is perfect for getting the job done from the ground safe. It reaches a length of 2.7 to 3.9 metres. The Cramer 82PS pole saw is slightly shorter at 2.15 m

The Cramer 82V battery-powered pole saws are market leaders in power, torque and cutting performance and are therefore predestined for tree care work. The efficient and maintenance-free brushless motors can be optimally adjusted in power via the stepless control lever.

The motor housings of Cramer's battery-powered pole saws are made of magnesium and are therefore extremely robust. Their lightweight

Presseinformation

construction - the weight without battery with sword and chain is 4.1 kg and 5.6 kg respectively - and their well-balanced centres of gravity make them comfortable to hold. The chain oil tanks hold 150 ml.

Cramer offers three battery variants each with 3 Ah, 6 Ah and a large backpack battery. Thus the small 82HP reaches runtimes of 60, 200 and 240 minutes, the large 82HPT runtimes of 60, 120 and 240 minutes. The batteries can be used for all 82V devices from Cramer.

Both Cramer battery tweeters are only available from specialist retailers.

Further information on this topic can be obtained from Cramer GmbH, 26789 Leer.
