New from Cramer

Trimming the hedge with power

82V cordless long reach hedge trimmer with high performance

High hedges can now be trimmed powerfully without exhaust fumes on the face. This is because the Cramer 82V cordless long reach hedge trimmer achieves four speeds with a stroke rate of 2,800 to 4,000 rpm at a reach of 3.40 metres. Its efficiency is thus very close to that of petrol-driven professional tools in agriculture and horticulture.

The 82V cordless long reach hedge trimmer 82PHT from Cramer offers a powerful engine, high torque and excellent cutting performance. It is efficient and maintenance-free thanks to its brushless motor. Its magnesium profile ensures high robustness and durability. Its lightweight construction makes it particularly easy to handle. Low vibrations also ensure that work is particularly easy on the arms. A further advantage in professional use is the reverse drive to release the stuck hedge trimmer. It reaches a length of 3.4 metres.

The Cramer 82V cordless long reach hedge trimmer is the market leader in terms of power, number of strokes and cutting performance and is therefore predestined for hedge care work. The variable control lever and four speeds allow the engine to be optimally adjusted in its stroke rate of 2,800, 3,200, 3,600 and 4,000.

The engine housing of the Cramer cordless long reach hedge trimmer is made of magnesium and is therefore extremely robust. The

Presseinformation

lightweight construction and the well-balanced centres of gravity make them comfortable to hold. The blade length is 50 cm, the tooth spacing 38/30 mm. The swivel angle is adjustable from -45° to 90° in 22° steps.

Cramer offers three battery variants each with 3 Ah, 6 Ah and a large backpack battery. This means that the telescopic hedge trimmer 82PHT achieves running times of 60, 200 and 240 minutes. The batteries can be used for all 82V Cramer devices.

The Cramer 82V cordless long reach hedge trimmer, including the BasicAssist carrying system, are only available from specialist dealers.

Further information on this topic can be obtained from Cramer GmbH, 26789 Leer.
