New from Cramer

82V Lightweight professional hedge trimmer

Avoids any amount of CO₂

Saving 1.1 tons of CO₂ when cutting hedges? And that completely relaxed for three hours, even overhead? Not possible? It is possible, with the Cramer 82V battery-powered lightweight hedge trimmer 82HD62. It only weighs 3.7 kilograms without the battery. And you can carry the battery comfortably in your accessory backpack-system or on your hip belt. Furthermore the 82V battery lightweight hedge trimmer does not consume any fossil fuels and that avoids CO₂ emissions.

The rear handle is adjustable in three positions for ergonomic working, which allow the user always to take a relieving posture. Equally important for your arms: the hedge trimmer has an extremely low vibration level.

The infinitely variable cutting speed can be adjusted in four levels: 2,800, 3,200, 3,600 and 4,000 strokes per minute via the variable trigger. Of course, the hedge trimmer has a reverse gear for removing stuck branches from the blades. The blades are triple-ground for clean cutting results. The stroke is 40 mm and cuts branches up to 30 mm. The blades have a length of 62 cm and are easy to replace.

Cramer is very concerned for the safety of the user when handling the machine. Hence, the new 82HD62 battery-powered lightweight hedge

Pressrelease

trimmer turns off automatically after 60 seconds of inactivity. When switched on, it will always start in the last used speed setting.

The high efficient and maintenance-free brushless motor maintains a constant power output even at high loads and low speeds. It is built-in a sturdy, yet light weight and robust magnesium housing. Thanks to its lightweight construction and balanced center of gravity, the hedge trimmer sits comfortably in the hand.

Cramer offers three battery variants each with 3 Ah, 6 Ah and large backpack battery. The lightweight hedge trimmer 82HD62 thus achieves runtimes of 60, 200 and 240 minutes. The batteries can be used for all 82V Cramer devices.

The Cramer 82V cordless light weight hedge trimmer is only available from specialist dealers.

Further information on this topic can be obtained from Cramer GmbH, 26789 Leer.
